RESIDENTS TO ASK 23RD ST. IMPROVEMENT FROM COUNTY

Residents on Twenty-third street are planning to present a petition to the board of supervisors at its next meeting asking the improvement of that thoroughfare from the Andrade home to Market street. The petitioners believe that with the improvement of twenty-third street much time can be saved by business people and motorists.

The present road leading to San Pablo is through the East Richmond section. This is deemed unsatisfactory because of the extra time required to traverse it.

The city is engaged in improving the south portion of the street at the present time.

HUNDREDS ATTEND MOOSE SHOW, PARTICIPANTS MAKE A BIG HIT

The Moose operatic concert that was staged at the Richmond theater last evening was the signal for an immense crowd, and the audience thoroughly enjoyed every number on the program. A repetition of the same program would mean that hundreds would be turned away.

Those who took part were pupils of Ray Youngman's operatic school of Oakland. The work performed shows that Mr. Youngman is capable of getting out all there is in a pupil. To show that the audience thoroughly appreciated the program it is only necessary to state that each number was encored two and three times.

Little Thelma Courtright a eleven-year-old girl was a wonder. She rendered the song, "A Bowl of Roses," in a manner that would have done credit to an operatic star of years experience. Marian Wong, a Chinese girl, captured the hearts of the audience with her sweet voice. Harry Wilkie, with that wonderful tenor voice of his was one of the hits of the evening, and the crowd would have been perfectly willing to remain there all night and listen to him.

DOUGHNUT PRICES ARE STEADY HERE

Although doughnuts and rolls have advanced five cents on the dozen in Oakland and San Francisco their price in this city is the same. One bakery is selling them for one cent each while the others charge the regular price of ten cents a dozen. The raise in price is due to the two jumps which flour has taken in the past week.

LIBRARIAN TO ASSIST BOARD WITH CHARTER

The Municipal Reference Librarian of Oakland, Emily H. Overstreet, has loaned the Richmond public library a very valuable list of material on city government. These pamphlets, newspaper clippings and type records from cities all over the United States are almost impossible to duplicate, as they represent careful collecting and research work of several years. Some of the material was sent personally by Mr. Waite, the city manager of Dayton, Ohio.

All of this material is now at the disposal of the board of freeholders, for use in their work of framing a new charter for Richmond.

Independent Democratic Official Paper of City of Richmond

EXPLOITING THE TAXPAYER

William L. White, editor of the Danville Journal and the Walnut Creek Courier is fathering a circular letter addressed to the board of supervisors requesting that body to levy a fifty-cent tax in this county for general road constructing purposes. Mr. White sets forth that the levy has already been made, but that under present conditions it will require two years to get in the money, while under his plan it will all be paid in this year, thus giving the county that much more ready cash to do business with.

On the face of it the plan seems reasonable enough. However, his proposition is simply being stealthily slipped to the taxpayers by his owners, the Burgess Land company, who have large holdings in the Danville and Walnut Creek sections and who have been endeavoring to secure a great amount of roadwork done for the benefit of their properties at the expense of the people of the county. The plan is somewhat disguised, but it is apparent as to its source. Here is the letter which is being sent out and which the taxpayers are requested to sign, and forward to the board of supervisors:

"It is a matter of common knowledge that Contra Costa county, at the threshold of a million population, has been rated as a backward, non-progressive county. Our splendid climate and home and business advantages have been nullified by bad roads for which we have become noted. Every county in the state is alive to the universal good-roads movement except our own.

"One year ago a special good-roads tax was levied with the result that a splendid highway, second to none in the state, has been completed from the tunnel to Walnut Creek, forming the first link in the east and west and north and south highway system, which has been agreed upon.

"At the present rate it will take from five to six years before these highways can be completed—and in the meantime the county stands still and is not only avoided by thousands of people traveling through the country, but is losing the tremendous benefit of the country-wide-advertising which is being done for the new highway routes.

"It is now proposed by numerous free holders and responsible interests to increase the present tax 25 cents for a period of two years and complete our concrete highways at once.

"By this master stroke the county will be put abreast of the times and large sums of general road-tax money will be released and at once become available to complete a fine system of lateral roads.

"This plan does not contemplate any additional taxes but simply advances two years special taxes already provided for.

"With this program I am in hearty accord and hope that your honorable board will find it possible to accede the wishes of your petitioners."

The whole trouble is that this is a proposition to exploit the taxpayers for the benefit of a rich real estate company and while we are in favor of good roads, we believe that this tax, which never should have been levied in the first place, for it benefits one part of the county at the expense of another, should be levied as first

planned and not be made payable all this year. The people of Richmond refuse to rise to the bait offered by Mr. White and his owners, the Burgess Land company.

The breach between the progressive element of the Republican party and the standpat wing has been widened to an insurmountable barrier by the visit of Candidate Hughes to this state. Governor Hiram Johnson and his sidekick, Chester Rowell, took occasion to show their contempt for the Republican national standard bearer by ignoring him from the time he entered the state until he took his departure from its borders. And to say that the old guard is mad don't express the condition of mind of those who have fought the battles of the grand old party! They are frothing at the mouth and the followers of Hiram and Chet are just letting 'em froth. The result of it all will be that Hiram and his crowd will not vote for Hughes and the old guard will slip a knife under the fifth rib of Hiram's senatorial aspiration, and there you have it. It looks like the fellow who declares California is certain to line up for Hughes has another guess coming.

Sure, Persia is an independent nation, but for all that it had mighty little to say in the new treaty which practically puts it under the joint control of Russia and England.

This aviator who went 110 miles in 64 minutes, an a business errand, would be blackballed if he tried to join the Messengers Boy's union.

Wire pulling and jobbery under the primary system is just as repulsive as it was during the old days of conventions and is four times more expensive.

Another hard loser—Congressman "Alfalfa Bill" Murry, of Oklahoma, demands a recount of the primary ballots that defeated his renomination.

Champ Clark says he wants to stay in the House as long as he can. If his colleagues, regardless of party, had the say, he'd get a life sentence.

On second thought, foxy Carranza decided not to retire until Mexico has a legally elected president, who, unless his plans miscarry, will be himself.

Danger of war having lessened for a time, the plan to send more major generals to the border has been shelved and Funston left in supreme command.

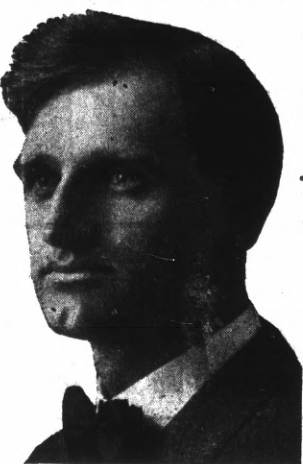

If the fierceness of the "black-list" fight be in keeping with the time given to making plans, it will be a hummer once it gets started.

That fellow Hughes is a brainy cuss. He says: "The Democratic party is a party for voters only." Some bad boy has been telling him stories.

There'd be no occasion for national mourning should every man carrying a bomb in his pocket be blown to pieces, as one was in Kansas City.

Trying to bribe a publisher is out of date, it being cheaper to put the screws on him through print paper he's bound to have.

State Senator

from the Ninth district, comprising Contra Costa and Marin counties.

Mr. Rugg has never weakened in his loyalty to the party that has always had its rule signalized by prosperity. By virtue of his ripe experience as a newspaper publisher, he has gained a very comprehensive knowledge of public affairs and is therefore well qualified to intelligently perform the duties of the office, for which he is a candidate.

Mr. Rugg stood firmly for Marin county's right to name the Republican candidate for the next senatorial term, but upon the withdrawal of such candidate and at the request of Marin county Republicans, he consented to enter the contest as an ever and always loyal and consistent Republican.

NOTES FROM THE PLAYHOUSES

PANTAGES THEATRE

(Oakland.)

One hundred and fifty old veterans, who saw the deadly battle of the Civil war, fighting that the Union might endure, cheered to the echo last night as Uncle Sam's boys in Khaki went through the United States army maneuvers, fought a sham battle, and showed army life of today at the Pantages theatre. The soldiers presenting "The Outpost," the remarkable military demonstration being offered by the United States army at the Pantages, through the courtesy of Lieutenant Colonel John H. Gardner of the United States army recruiting district of San Francisco were hosts to the three posts of the Grand Army of the Republic at the theatre. A remarkable feature of the occasion was the comparison of the guns of the boys of '61 with those of the boys of '16, when Lieutenant J. M. Justice, in the army from 1861 to 1905, compared his old weapon with the modern Springfield of the army of today.

The military spectacle at the Pantages this week, offered by regular soldiers of the United States army, detailed to this work that the public may see the soldiers in everyday life at the post, is one of a notable series of acts at the Oakland theatre. There are other big features with the act. George Choo's greatest tabloid musical comedy sensation, "The Earl and the Girls," a clever bit in which pretty girls, clever lines and snappy music and dances blend, is another of the features of the bill.

For pure all round comedy the act of Dale and Archer, is one of the cleverest in years. This has "Stopped the show" at every performance. Gorgeous indeed is the spectacle presented by Mme. Naynon's trained tropical birds, who perform feats of intelligence that rival human beings. Their gorgeous plumage makes a wonderful picture.

"The Elopers" a sensational comedy feature, Oklahoma Bob Albright, Florence Rayfield, the famous comedienne, and other big features are booked for next week at the popular show house.

PRETTY CLOTHES MEAN EITHER 'SHE HAS MONEY' OR 'SHE USES HER CREDIT'

—and they mean the latter at least as often as they mean the former, although some women perhaps do not yet realize this.

It's a convenience to anybody to charge things at a store whose methods can be trusted. This is the reason, largely, for CHERRY'S wonderful popularity. Fashions are at their best in CHERRY'S Shops, and prices are not exorbitant.

Everything is fresh, new and charming at CHERRY'S now. You'll enjoy seeing them whether the credit idea interests you or not. Not only are there wide and beautiful varieties of Suits and Dresses, Coats and Blouses, but CHERRY'S have exquisite displays of modish furs as well.

Haven't you heard of CHERRY'S Credit Shops before? Mighty few people haven't, and hundreds buy their clothes there regularly, year in and year out. It's easy to find 518 13th street, exclusive ladies' shop; across the street at 528 is Oakland's exclusive men's shop. In San Francisco, the two addresses are 1009 Market, corner 6th, and 2400 Mission, corner 20th. Shops in Tacoma, Portland, Los Angeles and Sacramento.—Advertisement.

"THE DUPE" NEW THRILLER AT RICHMOND

That interesting drama "The Dupe" featuring Blanche Sweet, the irresistible star, will be shown for the last time at the Richmond theatre this evening. This picture has proven unusually attractive to the picture loving people of this city. And the merit of this "Paramount" justifies their interest.

"The Smugglers" will be the feature on the bill for tomorrow. It is a delightfully pictured comedy with Donald Brain in the leading role. The main theme of the production surrounds the fact that John Batteby Watts, a wealthy promoter and breakfast food manufacturer, touring Europe with his wife loses through carelessness or more particularly through foolishness, his wife's \$20,000 pearl necklace. He succeeds in producing a fake duplicate and attempts to smuggle it through the customs house—and gets away with it—almost but he is eventually caught after a great deal of comedy suspense when his wife learns that the necklace is valuable to the extent of \$125.

HIGH COST OF ALL FOOD STUFFS TAKES SECOND JUMP TODAY

The high cost of living has soared again and a comparison of the prices of foodstuffs today with those of a year ago shows that there has been an increase of 25 per cent, according to the report above quoted says:

With hogs selling at the highest price—\$11.30 a hundred pounds—since 1865, and predictions by provision men that it will go to \$12 next month, there was a general increase in other living necessities which will cost Mr. Average Man a quarter more on each dollar he spends.

Pork prices were up today. Pork used in beans was quoted at 22 cents a pound, an increase of 5 cents. Pork chops were up to 24 cents a pound, 25 per cent over a year ago. Baked ham sold for 30 cents.

Beans, sold at 5 cents a pound one year ago, cost 11 cents today. Canned baked beans have increased from 10 to 15 cents a pound.

Loop prices, which are 25 per cent under neighborhood prices, have jumped on peas, lettuce, potatoes and string beans. A year ago peas sold for 15 cents a pound; now they are 25 cents. Lettuce, 10 cents a head, is now sold for 30 cents. Forty-cent cans of mushrooms have doubled. Beef is now selling from 11 to 20 cents a pound wholesale, an increase of 25 per cent. Canned goods have gone up 100 per cent. Butter and eggs have remained at about the same price. Milk now sells for 9 cents a quart.

Flour continues to gain. It is now selling for 83-4 cents a pound as compared with 7 cents a year ago. The wholesale price of flour today was \$8.90 and last year it was \$5.50. As yet there has been no increase in bread prices here, though bakers yesterday declared for a slight reduction in the size of the nickel loaf and a 2-cent increase on pies and rolls.

Further increases in coal prices are predicted from St. Paul, where soft coal supplies are 2,000,000 tons under last year's supply. A rise of 50 cents a ton for all grades is slated to go into effect September 1.

A WINNING CAMPAIGNER

The campaign for legislative representative is nearly over. During the canvass W. E. Calahan has visited every city, town, manufacturing plant and all the farming districts of the county. He has met with the most wonderful success and assurance of loyal support from people interested in all lines of business. He had made good in life in all his business enterprises and will certainly make good in the assembly.

He is a capable, impartial man who works for the interest of all concerned in the entire county. For this reason his friends are legion in every section of the county, all lending their untiring efforts to elect him.

He is a good mixer; an energetic and conscientious worker; never

tiring till the object of his goal is reached. He is fearless in his opinion, but always considerate of the opinion of others.

Ever since Mr. Calahan was eight years of age he has earned his own living, education and advancement till at the present time he is interested in three of the largest drug stores in Contra-Costa county as well as other property. From his varied interests one can readily appreciate the fact that the county will receive every attention in the legislature. He has had seven years' experience in municipal affairs and laws, which qualifies him, as to ability, higher than any candidate seeking the office of assemblyman.

In his knowledge of good roads, orchards, farming and waterways, he has had not only the practical experience but the theoretical as well.

BOARD ASKED TO INCREASE ROAD TAX IN COUNTY

(Special to Record-Herald)

MARTINEZ, August 24.—Over one hundred letters, coming from all parts of Contra Costa county, have been received by the board of county supervisors, asking that the tax levy of the county be increased 25 cents and that the additional revenue thus secured be applied toward completion of the permanent highway system of the county.

The letters ask that the additional 25-cent levy be continued for a period of two years. The county supervisors recently decided that an addition of 25 cents for four years would be needed to complete the system, and decided on the increase.

Residents of the county, however, want the system completed in two years instead of four years, and the requests are for a 50-cent increase for two years, rather than for a 25-cent increase for four years.

Mrs. L. E. Clark, 148 Thirteenth St., Richmond, says: "An attack of La Grippe left my kidneys in bad condition and I suffered untold agony from a lame back. I had severe pains across my kidneys and at night I could hardly sleep, being restless. I felt nervous and never seemed to get thoroughly rested up. I was troubled by shortness of breath and had headaches and dizzy spells, too. Three boxes of Doan's Kidney Pills, procured at Niedecker's Drug Store, entirely cured me, making me feel like a different woman."
